

How Do We Compare?

The South West Ankle Brace is up to 20% lighter than many of the leading AFOs used today. You will notice the difference, and more importantly, so will your patients.

What are people saying about *South West Orthopedic Designs*?

“These are the best things that ever happened to my feet”

Tammy Stanley Tulsa, OK

“...by far the best I’ve had”

Dan S. Proctor, MN

“...cooler than others”

Rob B. North Carolina

“...a lot lighter in weight”

Dave F. Damascus, MD

“...much better as far as appearance and comfort”

Laura C. Prescott, AZ

“With the (South West) AFO on, I am very active. I climb ladders, bicycle (and) walk 9 holes of golf.”

John H. Dallas, TX

INNOVATION

Carbon Fiber In Every Brace

All SWOD AFOs utilize carbon fiber knit technology.

- Stronger
- More durable
- Increased reimbursement

...pound for pound 10X stronger than steel...

Comfort Products

Still using natural leather?

Try our micro-fiber *SWOD Suede* and *SWOD Hide* materials.

Breathable; easy to clean; wicks away moisture; durable.

Call for a sample!

Charcot Foot / CMT

SWOD Charcot ankle braces are specially designed for your Charcot patients.

Charcot Qualities:

- Complete P-cell lining
- Removable inlay*
- Total contact
- Heat adjustable
- Reinforced carbon fiber
- Additional PPT padding
- Available in all sizes

DESIGN

FROM FLEX TO RIGID

Your *South West AFO* can be designed to your specifications.

Whether your patient needs flexibility in their *South West AFO* or the structural support of a *Rigid AFO*, we can fabricate to your patient's needs.

Professionally finished edges

SWOD provides quality stitching techniques.

No:

- loose threads
- split materials
- frayed edges

Many choices of colors and options

Colors: beige, brown, black, green, white

Fabrics: microfiber leather (S.W.O.D.

Suede and *Hide*), nylon Bird-eye knit

Options: Velcro, laces, speed hooks, and combinations.

Call for a free sample of materials.
